Follow these instructions to connect your device to Victoria University's Guest WiFi network.

Access expires after 24 hours and, at that time, you will need to re-register in the VU Guest Portal by following these instructions.

A mobile phone is required to receive your username and password.

- 1 Use the WiFi menu or settings on your device to connect to the *Guest@VU* wireless network.
- 2 You will be directed to the VU Guest Portal. Click *Register for an account* beneath the Sign On button.
- 3 Complete the registration form and click *Register*.
- 4 An SMS containing your username and password will be sent to your mobile.
- 5 Return to the VU Guest Portal sign on screen and enter the username and password provided in the SMS and click *Sign On*.
- 6 A success message will be displayed once the WiFi connection has been established. Some devices will display an additional message, asking users to wait. Please follow the instructions on your device.

Help

Please ask any AVID Australia staff member for assistance if you are having difficulty accessing the WiFi network.
